DETAILED ACTION

Supplemental Oath/Declaration

Applicant is reminded that a supplemental oath/declaration may be needed before the application can pass it issue. See MPEP 1414.01

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 43 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. It appears that "mycelia" was not disclosed in the original Specification.

Allowable Subject Matter

Claims 1-42 and 44-46 are allowed.

Response to Arguments

Applicant's argument filed 10 July 2002 has been fully considered but it is not persuasive. Examiner concedes that the species - cotton and nut - are with the ambit of the genus -plant,

Art Unit: 3643

which was claimed in the original patent, but considers mycelia not to be. Therefore, the claim including mycelia is considered to introduce new matter.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Form 892 accompanies this action to show that the prior art cited in the original patent was considered by the Examiner during this prosecution.

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
